The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

**HILL DIRECTORY CO., Inc., Publishers**

# INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1950 edition of the Sanford City Directory, which also includes the rural routes emanating from the Sanford Post Office. This is the first Hill Directory of Sanford, and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Sanford's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sanford to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sanford Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Six Major Departments (Each department beginning with Page 1)

The six major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Sanford, and the name, official personnel, nature and address of each firm and corporation in the city.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Sanford. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Sanford, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the names of the streets are arranged in alphabetical order;

the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

V. THE SANFORD RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

VI. THE NUMERICAL TELEPHONE DIRECTORY is the sixth major department, printed on blue paper.

#### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Sanford. There are more than 600 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Hill Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

# SANFORD

**"WHERE BUSINESS AND FRIENDSHIP THRIVE"**  
**(COURTESY SANFORD CHAMBER OF COMMERCE)**

---

## Statistical Review

**Form of Government**--City manager-aldermanic-mayor.  
**Population**--1940 U. S. Census, 4,960; 1949 estimate, 10,000 (Jonesboro Heights now incorporated in Sanford).  
**Area**--Approximately 4 square miles.  
**Altitude**--370 feet above sea level.  
**Climate**--Mean annual temperature, 59.8 degrees F.; average annual rainfall, 44.39 inches.  
**Assessed Valuation**--\$10,824,000.  
**Financial Data**--2 banks, with total deposits of \$6,750,000. 1 building and loan association, with assets of \$1,330,517.  
**Postal Receipts**--\$82,414 (1948-49 fiscal year).  
**Telephones in Service**--2,258.  
**Real Estate**--Number of homes and apartment units estimated at 2,800.

**Industry**--Chief industries of city and surrounding territory: Agriculture, manufacturing, lumbering and tobacco re-drying. Principal manufactured products: Lumber and lumber products, brick, tile, tobacco curers, textile machinery, portable sawmills, cotton sheeting and bagging, service entrance and cable tape, veneer, furniture, stock feed, flour, fertilizer, meat products, bakery products and ice cream.

**Trade Area**--Retail area has radius of 25 miles, with population estimated at from 100,000 to 125,000. This area is from 15 to 45 minutes in driving time from the business section, over a network of modern paved highways. Sanford is a distributing center for several large wholesale establishments in furniture, candy, groceries and fruits.

**Newspaper**--Sanford Herald, semi-weekly, founded in 1920.

**Radio Station**--WWGP, 1,050 k.c., 1,000 watts.

**Hotels**--3, with total of 215 rooms.

**Railroads**--5: Seaboard Air Line, main line; branch of Atlantic Coast Line, connecting with main line at Fayetteville, N. C.; Atlantic & Yadkin, connecting with Southern main line at Greensboro, N. C.; Atlantic & Western, from Sanford to Lillington, N. C. The Norfolk-Southern crosses Lee County.

**Highways**--U. S. Highway 1 from Maine to Key West, Fla.; U. S. Highway 15 from Rochester, N. Y., to Savannah, Ga.; U. S. Highway 421 from Bristol, Va., to Wilmington, N. C.; U. S. Highway 501 from Lexington, Va., to Myrtle Beach, S. C.

**Amusements**--5 theatres; municipal swimming pool; municipal 9-hole golf course, with clubhouse.

**Hospital**--Modern, 68-bed, fireproof County Hospital.

**Education**--5 public schools, including 2 high schools and 2 elementary schools for white pupils, and the Negro training school. 99 teachers. Construction work started on a new high school. 1 business college and a good public library.

**City Statistics**--36 miles of paved streets and highways; 26 miles of sewers. 2,400 water meters; 3,000 light meters. Capacity of municipal water plant, 1,500,000 gallons; average daily pumpage, 800,000 gallons;

miles of mains, 29.

Fire protection--2 fire stations, 3 fire-fighting trucks and 1 ladder truck.

Aerial View of Sanford

#### Location

Sanford is located at the edge of the Piedmont, in the healthful pine belt, 46 miles southwest of Raleigh, N. C. It is in the exact center of the state and is surrounded by a large, rich agricultural area. Its location is partly responsible for its steady growth.

#### Population

Census reports show the steady growth of the city from 236 in 1880 to an estimated 10,000 in 1949. Jonesboro now is an integral part of Sanford and is designated as Jonesboro Heights. The genuinely friendly attitude of the citizens pleases visitors so much that many become residents because they like it here.

#### Industry

Sanford's residents find employment in manufacturing, merchandising and distribution. Industry is well-balanced and varied. The city has over 40 plants employing approximately 3,000 people, manufacturing a wide variety of products. These include lumber and lumber products, veneer, furniture, cabinets, brick, tile, pottery, tobacco curers, portable sawmills, textile machinery, hosiery, cotton sheeting and bagging, service entrance and cable tape, industrial grease and meat meal, insecticides, tobacco re-drying, corn meal (also self-rising corn meal), stock feed, dog food, flour, fertilizer, meat products, sheet metal products, bakery products, lingerie, shirts, ice, ice cream, soft drinks, and frozen foods. Coal with a high B. T. U. is mined nearby. Wholesale grocery and fruit, wholesale candy, wholesale florists and bottling plants make Sanford an important distribution point. The Sanford tobacco market is an important growth factor.

Young Tobacco Growing, Near Sanford

#### Housing

Building goes on all the time. New residents come in constantly. Living costs are reasonable. Food is produced in abundance, and local markets afford a bountiful supply of poultry, dairy products, meats, fruits and vegetables.

One of Sanford's Many Fine Residences

#### Recreation

The municipal swimming pool, municipal golf course and clubhouse, ball park, two modern athletic fields, school playgrounds and nearby camps give the people a variety of recreation. There is fishing for those who like it. The City maintains the recreation department, staffed by paid employees who are always ready to lend a hand. Four modern movie houses and a drive-in theatre offer high-class entertainment the year around.

**First Methodist Church, Sanford**

#### **Churches**

Sanford has every major religious denomination represented, among them being Presbyterian, Baptist, Methodist, Christian, Catholic, Holiness, Christian Science, Church of God, Lutheran and Episcopal. The surrounding rural area has many fine places of worship.

**First Baptist Church, Sanford**

### Education

There are five public schools in Sanford--four white and one Negro. Among these are two high schools holding membership in the Southern Association of Colleges and Secondary Schools--Sanford High School, for white students, and the Lee County Training School, for Negroes. Graduates of these two high schools are admitted to the college or university of their choice anywhere in the U. S. without being required to take the college entrance examinations. The elementary schools in the city have earned the ratings of 1 with the accrediting agencies, and are generally considered to be among the best in North Carolina. Sanford City schools are guided by a definite philosophy of education which is both sound and workable. Its aim is to develop the whole child, his mind, his body, his attitudes, his personality. School authorities from as far away as Columbia, S. C. have made inquiries as to Sanford's human relations program for students, perhaps the first school system in North Carolina to offer this type of program. Guided by the members of the Board of Trustees, who are serving because they are interested in developing Sanford's future citizens, plans have been laid for the development of a senior high school plant for Greater Sanford. A beautiful site of 28 acres on the outer fringes of the city has been acquired for the development of the new high school plant, which will be of the campus type, with one-story units. School officials have been told this will be among the finest high school plants in North Carolina, perhaps the first to develop the campus-type high school.

Lee County Hospital, Sanford

### Climate

Sanford's climate is a big asset to manufacturing and agriculture. It permits uninterrupted production throughout the year, thereby lowering operating costs. Winters are short. Summers are long and warm, but not oppressive. Precipitation in 1948 was 44.39 inches. Mean annual temperature, 59.8 degrees F. Altitude, 370 feet.

Sanford High School

### Rail Service

Sanford is a rail center, having five railroads. The Seaboard Air Line Railroad is a main line affording north and south transportation. The city has direct connections with the Atlantic Coast Line at Fayetteville. The Atlantic & Yadkin connects with the Southern at Greensboro. The Atlantic & Western runs from Sanford to Lillington, where it makes a connection with the Norfolk-Southern. The Norfolk-Southern runs across Lee County, connecting with the Seaboard Air Line and Atlantic & Yadkin, but does not touch Sanford. These railroads offer the best in freight and passenger transportation to all points of the compass. Overnight Pullman service to Jacksonville, Atlanta and New York City.

Carolina Hotel, Sanford

### Highways

U. S. Highway 1 from Maine to Key West, Fla., offers the best in Tourist accommodations and is traveled every month in the year. U. S. Highway 15 runs from Rochester, N. Y., to Savannah, Ga., through rich agricultural areas and large industrial cities. U. S. Highway 421 runs from beyond the mountains at Bristol, Va., across the Piedmont and coastal plains to Wilmington, N. C. U. S. Highway 501 from Lexington, Va., to Myrtle Beach, S. C., gives Sanford an excellent location as far as tourist traffic is concerned. Is it any wonder that people say, "All roads lead through Sanford"?

### Bus Lines

Local buses afford transportation in the city.

The Sanford Bus Station is well located outside the business section on a lot of ample size to handle all traffic. The Queen City Coach Co. and the Carolina Coach Co. afford bus service on regular schedules to all points in the state. These bus companies are members of the National Trailways Bus System.

Steele Street, Sanford, "Before the Crowds Came"

### Sanford as a Trading Center

Sanford has a large trading area because of its location. There are no large cities nearby. Surrounded by a rich agricultural region and timberland, it offers the farmers markets for their products and supplies for their families, homes, farms and sawmills. It has a balanced and diversified industrial life. The more than 40 manufacturing plants afford a great variety of places for the residents to work. Agricultural crops include tobacco, cotton and corn. There has been a gratifying increase of live stock of all kinds on the farms. The tobacco market is among the best in the state as far as prices are concerned. The stores are equal to the best--as visitors know.

### Civic Clubs

The civic life of the community is represented by numerous strong, thriving, progressive organizations. Among them are Rotary, Kiwanis, Lions, Sanford Woman's Club, Business & Professional Women's Club, Masonic Order, Eastern Star, Elks Club, Moose Lodge, Junior Order, Knights of Pythias, Modern Woodmen of America, Junior Chamber of Commerce, Junior Woman's Club, United Daughters of the Confederacy, Sanford Music Club, 40 & 8, Veterans of Foreign Wars, Veterans of Foreign Wars, Veterans of Foreign Wars Auxiliary, Lee Post No. 18 American Legion, and American Legion Auxiliary. These render civic, fraternal, patriotic and social service.

**Tobacco Almost Ready to Cure, Near Sanford**

#### **The Sanford Chamber of Commerce**

The membership of the Sanford Chamber of Commerce is made up of the business and professional men of the community, who not only are interested in the work, but also enter actively into the problems and tasks confronting the Chamber.

**Wilrik Hotel, Sanford**

The influence of this body has been largely responsible for the many developments in the city, and in every progressive movement the Chamber of Commerce uses its agencies and influence for the best interests of the community. The Chamber of Commerce also serves as a clearing house and general bureau of information, and as a license bureau for the sale of automobile license plates.

The management of the Chamber is in the hands of a board of directors, who employ a full-time manager and a secretary and maintain offices at 101 Wicker St.

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

**KNOW YOUR DIRECTORY SYMBOLS**

# **When You Want to Know:**

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

## WHY A BUYERS' GUIDE ?

★ It is customary to include a Buyers' Guide in the City Directory because :::

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

*The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED*

*The Revolutionary 1949*

## PHILCO REFRIGERATOR

*Do your employers furnish you with the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## **PARTNERS . . .**

This Company considers itself in partnership with the people in the area it serves . . . a partnership in the interest of the future of the Carolinas.

Our area cannot move forward without an abundance of low cost, dependable electric power. That element of progress this Company will provide as well as the collective good citizenship of our employees. Our area cannot move forward without the cooperation and initiative and civic interest of its individuals. This element of progress is being supplied by the people of the area.

We here at Carolina Power & Light Company are confident of the success of our partnership with the people we serve.

**Do your employers furnish you with  
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

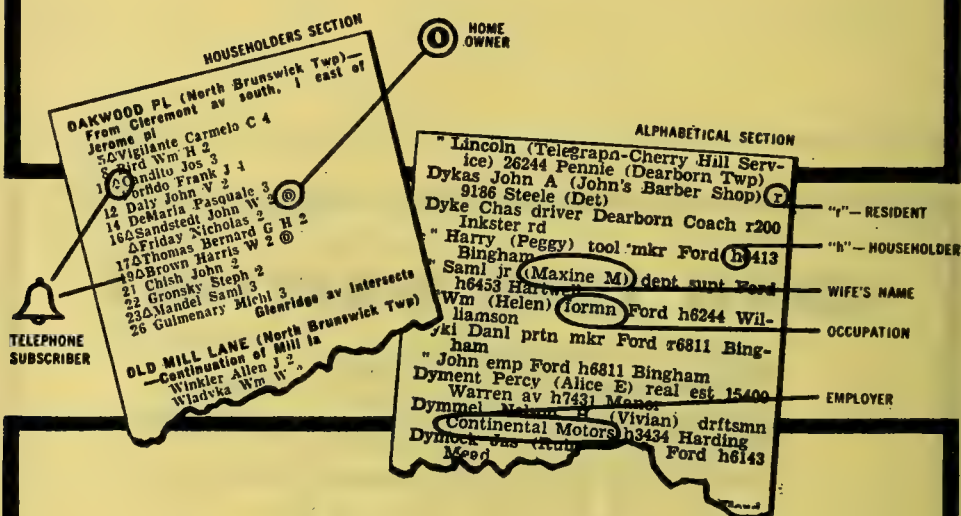

## KNOW YOUR DIRECTORY

Estes Dorothy L Mrs bkpr	Kresge h3409	EMPLOYED
Jas B (Dorothy L)	mech Ford h3409	HUSBAND'S NAME

### HOW TO KNOW WHETHER A WIFE IS EMPLOYED . . . AND WHERE SHE WORKS

This vital information may be secured instantly from your City Directory. Every person of Directory listing age (18 years and over) is listed, including both men and women. The wife is listed with her husband, and also is listed separately if steadily employed.

# DIRECTORY SYMBOLS AND DESIGNATIONS

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

**KNOW YOUR DIRECTORY SYMBOLS**

**CITY DIRECTORY USAGE SOARS TO***New High!*

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a “must” for all business people. Remember the huge upswing in City Directory usage.

---

**MORE PEOPLE *See* CITY DIRECTORY ADS!**

*Out of Sight • Out of Mind*  
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

# **CITY DIRECTORY ADVERTISING IS *National* ADVERTISING**

☆ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

**Therefore your ad in the City Directory  
is seen by buyers from coast-to-coast**

# W H Y A *Buyers' Guide?*

---

★ It is customary to include a *Buyers' Guide* in the City Directory because:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . **EXTENDED**

## HILL'S SANFORD

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

### 1950

Copyright, 1950, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance)

### HOW TO KNOW WHETHER A WIFE IS EMPLOYED...AND WHERE SHE WORKS

This vital information may be secured instantly from your City Directory. Every person of Directory listing age (18 years and over) is listed, including both men and women. The wife is listed with her husband, and also is listed separately if steadily employed.

# HILL'S SANFORD NUMERICAL TELEPHONE DIRECTORY

This is a complimentary service in connection with your City Directory,  
and for which no charge is made.

## 1950

Copyright, 1950, by Hill Directory Co., Inc.

Due to the necessity of frequently changing telephone numbers assigned to users, we suggest that you verify this information by referring to your local telephone book to see if any changes have been made since this Directory was compiled.

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

**KNOW YOUR DIRECTORY SYMBOLS**

# **When You Want to Know:**

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

# CASHIERS! TELLERS!

## — CLERKS! —

Do your employers furnish you with  
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## **CITY DIRECTORY USAGE SOARS TO**

*New High!*

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a “must” for all business people. Remember the huge upswing in City Directory usage.

---

**MORE PEOPLE *See* CITY DIRECTORY ADS!**

**CITY DIRECTORY  
ADVERTISING  
IS *National* ADVERTISING**

☆ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

**Therefore your ad in the City Directory is seen by buyers from coast-to-coast**

**W H Y A**  
*Buyers'*  
*Guide?*

---

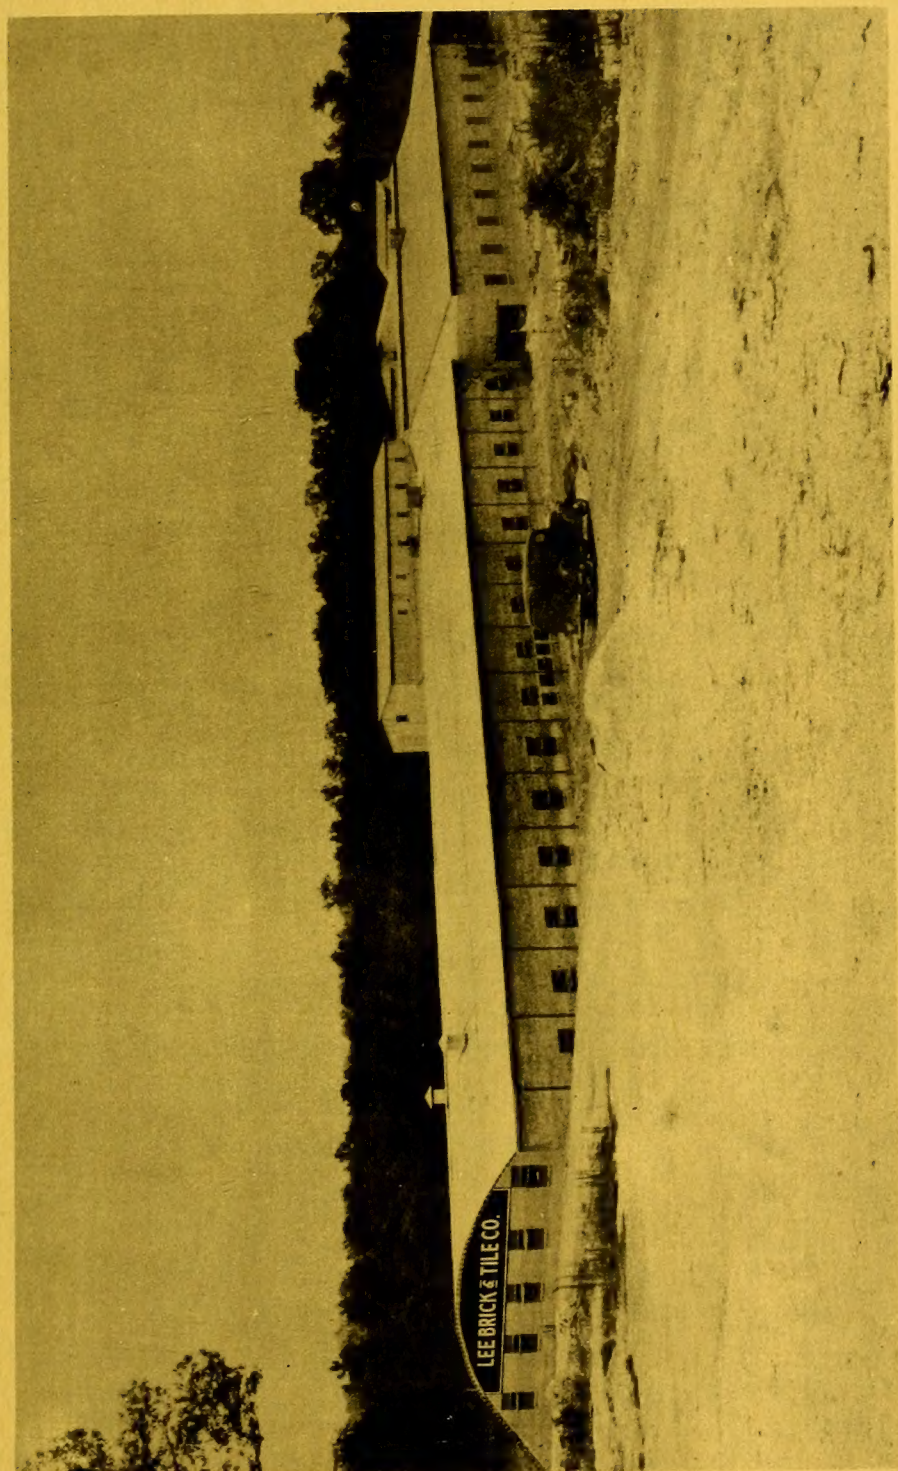

★ It is customary to include a Buyers' Guide in the City Directory because:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

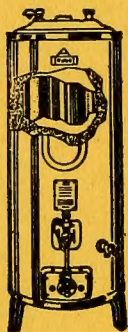

**The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED**
